

Medical Protective Risk Management

May 2009

Successful completion of one of the online course options offered by Medical Protective will earn a 5% premium credit for the next three policy years.

The courses are accredited by the *Accreditation Council for Continuing Medical Education* and will also result in continuing medical education credits totaling seven or more hours.

The courses are available to all insured health care providers.

To register for the online course, visit the company at www.medpro.com or call Crystal Schmeltz at 260-486-0373 or email her at crystal.schmeltz@medpro.com.
